**A CLEAN, SAFE BATHROOM!
AREN'T YOU RELIEVED?**

Not everyone is so lucky. In fact, 2.5 billion people without access to toilets or latrines release their wastes outdoors, spreading diseases that kill an average of 2,000 children every day.

Proper sanitation could save those lives while reducing health costs by about \$180 billion a year.

Rotary is working to bring sustainable water and sanitation systems to homes around the world.
